The Kenya Property Developers Association and Untapped will hold a webinar on Thursday, 26th November 2020 from 3.00pm to 4.00pm via Zoom. The theme of the webinar is “Generating Additional Income for Your Property Through Smart Technology”

Untapped is committed to creating opportunities for entrepreneurship in emerging markets.

They integrate an on-the-ground understanding of local markets with innovative, technology-driven business models. They then provide support to innovators to scale these proven businesses for large scale impact.

The webinar seeks to address how one can create new possibilities of income generation for property developers through smart water technology and how Untapped creates opportunities for entrepreneurship using smart technology.

Invited Panelists:

1. **Judy Cheptoo** - Project Manager Raw Water ATMs at Untapped
2. **Marcel Schreurs** - Managing Director Maji Milele
3. **Tom Armstrong** - JB Drilling
